## Landscaping for Water Conservation

**DAY**      **Wednesday**  
**DATE**     **July 24**  
**TIME**     **6:30-7:30pm**  
**PLACE**    **NMP Nature Center**  
**COST**     **Free**  
**AGES**     **18 & Up**

Learn the basics of xeriscaping (water-wise landscaping), storm-water features, drought-tolerant plants, sprinkler schedules and creating a site-plan for your property. **Optional:** bring approximate measurements of impermeable surfaces on your property (ex. roof or driveway) to help in creating your plan. Please register online or call the NMP Nature Center at 541-488-6606.

**INSTRUCTOR:** Kora Mousseaux is the Urban and Community Planner at Jackson Soil and Water Conservation District.
